2025 - 2026 CALL OF THE WILD

About Us

We at Nature Explorers India are on a mission to create millions of smiles and memories for nature & wildlife lovers across the world by serving them the world class nature & wildlife tour packages.

In this ecotourism centric endeavor we also aim to support sustainable development of local communities by providing them alternative and significant employment.

Thus helping nature and wildlife conservation using tourism as a medium. This reduces their dependency on forest resources, creates awareness about importance of nature & wildlife and also creates a huge force of locals who are in favor of saving tigers and growing trees versus the terrifying picture of destructors.

Come join in to this journey of Travel...Explore...Appreciate...Conserve.

Creating Lifetime Memories with Adventures & Experiences

Travellers Speak

Mrs. Sonia Jacob Founder, Living Stones

"I have been travelling with Nature Explorers India for almost 6 years and have been extremely happy with their services. So when they announced about their trip to Kenya we decided to be part of the same. Masai Mara Kenya February 2023 was one of my most awaited trip. And by far the most loved trip.... Team Nature Explorers and it's Co-founder Jogi Prajapati did not leave any opportunity for us travellers to have the most awesomest sightings ever. We saw all the Big 5s with the chase and then the kill. It was like reliving and seeing it all LIVE all the documentaries that I have seen on NatGeo and Animal Planet. The places that we stayed, the food, the people all were simply indescribable. We loved every moment. The co-travellers were all like minded people which made the trip even better. We came back with happy memories "

Mr.Kishor Kokate

Thank you NEI for managing so many successful trips for years now. Just because of your perfect management we just concentrate on photography, without bothering about other things on tour.

Many more years of success to come. All the best.....

Ms.Priya Rajpal Advertising Professional

"Had and extremely amazing experience in the satpura tiger reserve safari taken in June 2023. The team is very well versed, experts in their domain . Cheerful . Helpful. Encouraging. Confident. Knowledgeable.

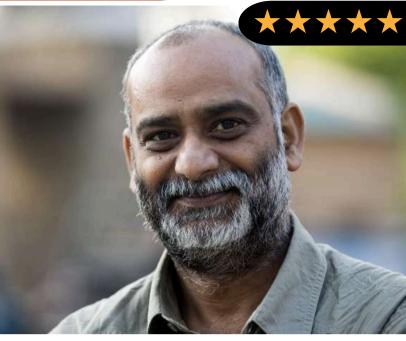

Passionate . Taking another safari with them this time to Africa! Can't wait "

Travellers Speak

Mr. Neeraj Pant Professional Photographer

It has been more than four decades since I first got involved in photography, and since the very beginning was intrigued by the beauty of the hyena. It was hence only natural to roam about in different jungles and national parks in its pursuit. I must admit, Bhigwan did not only fulfill that desire, but did so with grandeur like no other. That, as well as the mixed forests and grasslands, home to innumerable species of birds such as Storks, Pratincoles, Quails and Flamingos to name a few; The biodiversity certainly doesn't fail to impress. Huge props to Nature Explorers as well for such a well organized and executed tour. Take a trip to Bhigwan, I assure you, it will more than just be "worth it".

Mrs. Anushree Sujai Senior Director, Perfios Software

We have been traveling with Nature Explorers for some time now and it has been a wonderful experience. What started off as a one-off trip led to us becoming regular travellers with them. Some lovely locations for wildlife tours with learned tour leaders who have become more friends and family... the network is also something that is amazing. A healthy mix of newcomers and veterans, learning is joy! For anyone who wishes to get into travelling... this is a great place to get going !!!!

All the best and keep growing !!!!

Mr.Denis Dsouza

Knowledge management Assosciate Manager, Accenture

I have been travelling with NEI(the erstwhile Mumbai Travelers), since more than a decade. And each time, my experience with them has been nothing short of wonderful. It has been my go-to choice for photography, wildlife and leisure trips. All their tour leads have deep rooted background in some or the other form of natural history. Their wide experience in nature tourism, in-depth technical knowledge of photography, and expert understanding of flora and fauna makes NEI one of the best eco-nature tour operators in the country. Add to this a right focus on customer friendliness, and you get a complete package with NEI. Travelling with NEI is highly recommended for anyone interested in exploring and connecting more with nature and wildlife.

WE SUGGEST YOU TO BOOK EARLY FOR THE TOURS WHICH ARE GENERALLY HIGH IN DEMAND OR WHERE THE SAFARIS / THE RESOURCES NEED TO BOOKED 4+ MONTHS IN ADVANCE!

FAQs (Frequently Asked Questions)

1. How many days prior one should book a wildlife safari tour?

In most of the forests in India, safari booking opens 4 months in advance. So for getting confirmed bookings, securing the best zones and also booking flights at discounted rates, plan your travel 3 to 4 months in advance.

2. What is the advantage of a group tour?

All group tours with NEI are curated to provide the most memorable, hassle-free and value added experience. Apart from the comfortable services, Nature Explorers' tours also provide experienced wildlife experts as tour leaders, photography tips & insights, seasoned guides & trackers, dedicated customer support team from our back office and company of like minded nature, wildlife & photography enthusiasts.

3. Who can join these group tours? Is it suitable for me?

Nature, Wildlife, Travel and Photography are the four major interest areas of our members in Nature Explorers India's community. There is no bar of age, gender, caste or nationality. So if you are interested in exploring any of these 4 areas, you will have a great time travelling with NEI.

4. Can I get a tour tailor made to suit my needs?

Absolutely yes. Our customized tour department serves tailor made packages whenever you wish to travel with your family and close circle or wherever you have specific requirements different that what is offered in the group departure tours.
